We Manage Local Government Boundaries, Evaluate Municipal Services, and Protect Agriculture

Agenda Item 10c (Action)

TO: Local Agency Formation Commission

PREPARED BY: Tracy A. Schulze, County of Napa Auditor-Controller 

MEETING DATE: December 6, 2021

SUBJECT: Financial Audit for Fiscal Year Ending June 30, 2021

RECOMMENDATION

Receive and file the financial audit report for fiscal year 2020-21 (Attachment One).

SUMMARY

Brown Armstrong was retained to conduct an independent audit of the agency's financial statements for the 2020-21 fiscal year. Brown Armstrong completed their audit in November 2021 and found no material misstatements. The audit also found no instances of significant or unusual changes in reporting practices and does not include any suggestions for improvements. A copy of the audit is included as Attachment One.

Brown Armstrong's audit provides an unqualified opinion the Commission's financial statements are reliable representations of the agency's financial position as of June 30, 2021. This "clean" opinion affirms the Commission maintains an effective level of internal control in managing its financial records and transactions which helps to ensure maximum accountability with respect to the agency's use of public funds. The audit also affirms that the Commission is in relatively strong financial position given it finished the fiscal year with an available/unrestricted fund balance of \$270,586; an amount representing approximately 47.7% of the agency's budgeted expenditures for the 2020-21 fiscal year.

A financial summary chart is included as Attachment Three and depicts changes in the Commission's audited fund balance for the past 15 years, beginning with the 2006-07 fiscal year.

INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Local Agency Formation Commission of Napa County
Napa, California

Report on the Basic Financial Statements

We have audited the accompanying basic financial statements of the governmental activities and the major fund of the Local Agency Formation Commission of Napa County (the Commission), California, as of and for the year ended June 30, 2021, and the related notes to the basic financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Basic Financial Statements

Management is responsible for the preparation and fair presentation of these basic financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Commission's preparation and fair presentation of the basic financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Commission as of June 30, 2021, and the respective changes in its financial position for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Budgetary Comparison Schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2021, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

**LOCAL AGENCY FORMATION COMMISSION OF NAPA COUNTY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2021**

The Local Agency Formation Commission of Napa County (the Commission) administers a section of California Government Code now known as the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000. The Commission is delegated regulatory and planning responsibilities to coordinate the logical formation and development of local agencies in a manner preserving agricultural and open-space resources, promoting the orderly extension of municipal services, and discouraging urban sprawl. Key duties include regulating boundary changes through annexations or detachments; approving city incorporations or disincorporations; and forming, consolidating, or dissolving special districts. The Commission is also responsible for preparing studies in order to knowledgeably perform its regulatory activities, including establishing and updating spheres of influence for all cities and special districts within its jurisdiction. Spheres are planning tools used by the Commission to designate the territory it believes represents the appropriate and probable future service area of the affected agency. All jurisdictional changes, such as annexations, must be consistent with the spheres of the affected agencies with limited exceptions. As of June 30, 2021, there are currently 23 cities and special districts subject to Commission jurisdiction in the County of Napa (the County).

The Commission was first established in 1963 as an office within the County. From 1963 to 2000, 100% of the Commission's annual budget was funded by the County. On July 1, 2001, in conjunction with the enactment of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, the Commission became autonomous of the County in terms of fulfilling its statutory duties and responsibilities. This transition was highlighted by the Commission appointing its own executive officer and counsel as well as altering its funding to include contributions from the cities of American Canyon, Calistoga, Napa, and St. Helena and the town of Yountville. The County is now responsible for funding 50% of the Commission's annual budget with the remaining portion divided among the five cities based on a locally adopted formula as provided under Government Code Section 56381.

This narrative overview and analysis of the financial activities for the fiscal year ending June 30, 2021, is offered by the Commission's manager, the Executive Officer, to provide greater context to the audit performed by the Commission's independent auditor, Brown Armstrong Accountancy Corporation. Please read it in conjunction with the Commission's basic financial statements, which follow this section.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Commission's basic financial statements. The following Statement of Net Position and Governmental Fund Balance Sheet, and the Statement of Activities and Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance, provide information about the activities of the Commission. The financial statements also include various note disclosures, which further describe the Commission's activities.

Government-Wide Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Commission's finances, in a manner similar to a private sector business.

The Statement of Net Position presents information on all of the Commission's assets and liabilities, with the difference between the two reported as net position.

The Statement of Activities presents information showing how the Commission's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources segregated for specific activities or objectives. The Commission, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund financial statements report essentially the same functions as those reported in the government-wide financial statements. However, unlike the government-wide financial statements, fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than government-wide financial statements, it is useful to compare the information presented. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balance provide reconciliations to facilitate the comparison between governmental funds and government-wide statements.

Notes to the Basic Financial Statements

The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information (RSI)

RSI is presented concerning the Commission's General Fund budgetary schedule. The Commission adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with this budget.

FINANCIAL ANALYSIS OF THE COMMISSION

Net Position

The Commission has presented its basic financial statements under the reporting model required by Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis (MD&A) – for State and Local Governments*.

Condensed Statement of Net Position As of June 30, 2021

	2021	2020	Variance
	<u> </u>	<u> </u>	<u> </u>
Assets			
Current Assets	\$ 291,764	\$ 332,158	\$ (40,394)
	<u> </u>	<u> </u>	<u> </u>
Total Assets	291,764	332,158	(40,394)
	<u> </u>	<u> </u>	<u> </u>
Liabilities			
Current Liabilities	1,521	12,396	(10,875)
	<u> </u>	<u> </u>	<u> </u>
Total Liabilities	1,521	12,396	(10,875)
	<u> </u>	<u> </u>	<u> </u>
Net Position			
Unrestricted	290,243	319,762	(29,519)
	<u> </u>	<u> </u>	<u> </u>
Total Net Position	\$ 290,243	\$ 319,762	\$ (29,519)
	<u> </u>	<u> </u>	<u> </u>

State law requires that the County and the four cities and town of within the County fund the Commission's budget each year. The Commission is also authorized to establish and collect fees for purposes of offsetting agency contributions. It is also the practice of the Commission to make use of its unrestricted fund balance to help cover operating costs to help minimize the fiscal impact on local agencies as long as the balance does not fall below the equivalent of four months of operating expenses. This practice of using the unrestricted fund balance to help cover operating costs occasionally results in budgeting an operating shortfall. For the year ending June 30, 2021, the Commission budgeted an operating shortfall of \$47,310. The actual operating net was a shortfall of \$29,519, primarily due to the increase in administrative expenses and consulting expenses.

Changes in Net Position

The government-wide financial statement presented below represents an analysis of the Commission's governmental activities. It should be noted that Intergovernmental Revenues represent the amount each agency was required to contribute to the Commission's budget. The sum of these contributions and the fund balance at the beginning of the year must sum to the adopted budget.

Condensed Statement of Activities For the Year Ended June 30, 2021

	2021	2020	Variance
Revenues:			
Intergovernmental	\$ 485,400	\$ 471,262	\$ 14,138
Charges for Services	37,949	27,745	10,204
Interest Income	6,818	15,128	(8,310)
Total Revenues	<u>530,167</u>	<u>514,135</u>	<u>16,032</u>
Expenses:			
Contracted Administrative Services	434,700	416,354	18,346
Services and Supplies	124,986	199,849	(74,863)
Total Expenses	<u>559,686</u>	<u>616,203</u>	<u>(56,517)</u>
Change in Net Position	(29,519)	(102,068)	72,549
Net Position - Beginning of Year	<u>319,762</u>	<u>421,830</u>	<u>(102,068)</u>
Net Position - End of Year	<u>\$ 290,243</u>	<u>\$ 319,762</u>	<u>\$ (29,519)</u>

Financial Analysis of the Commission's Governmental Fund

As noted earlier, fund accounting is used by the Commission to ensure and demonstrate compliance with finance-related legal requirements.

For the year ending June 30, 2021, the Commission reported an ending fund balance of \$290,243, for a decrease of \$29,519 from the prior year.

BUDGETARY HIGHLIGHTS

The Commission practices bottom-line accounting, giving management the discretion to use excess funds in one account to offset deficits in other accounts. This allows management to minimize the fiscal impact of unanticipated increases in contracted administrative services by controlling spending in other accounts.

CAPITAL ASSETS

During fiscal year 2008-09, the Commission purchased an electronic document management system with a cost of \$19,657. This asset was depreciated over an estimated useful life of 5 years, using the straight-line depreciation method, and therefore, was fully depreciated as of fiscal year 2013-14.

DEBT ADMINISTRATION

With the close of the fiscal year on June 30, 2021, the Commission did not have any long-term obligations outstanding.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The Commission is committed to fulfilling its state-mandated mission with as little fiscal impact on local agencies as possible. In preparing the budget for fiscal year 2021-22, the Commission used a spending baseline to estimate how much it would cost to continue the level of its activities and services at next year's price for labor and supplies. The Commission's adopted fiscal year 2021-2022 budget is \$554,141, an overall percentage increase of 2.4% from prior year's original adopted budget. This increase is due to administrative cost increases and anticipated conference attendance.

CONTACTING THE COMMISSION

These financial statements are designed to provide a general overview of the Commission's finances for all those interested. Through a memorandum of understanding, the County provides certain management and administrative functions, including financial management and accounting. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

**LOCAL AGENCY FORMATION COMMISSION OF NAPA COUNTY
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Local Agency Formation Commission of Napa County (the Commission) was created in 1963 by the California Legislature to encourage the orderly formation and development of local agencies, promote the efficient extension of municipal services, and protect against the premature conversion of agricultural and open-space lands. In 2001, following the enactment of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, the Commission became an independent agency separate from the County of Napa (the County). As of June 30, 2021, there are 23 cities and special districts under the jurisdiction of the Commission in the County.

The Board of Commissioners is comprised of five regular and three alternate members. Each member is appointed pursuant to California Government Code Section 56000 et. seq. and represents one of the following three interests:

- County Members: Two regular and one alternate member represent the County. These members are members of the County Board of Supervisors. Appointments are made by the Board of Supervisors.
- City Members: Two regular and one alternate member represent the four cities and town in the County. The members are mayors or council members. Appointments are made by the City Selection Committee.
- Public Members: One regular and one alternate member represent the general public. Appointments are made by the County and City Members on the Commission.

The Commission includes all activities (operations of its administrative staff and commission officers) considered to be a part of the Commission. The Commission reviewed the criteria developed by the Governmental Accounting Standards Board (GASB) in its issuance of Statement No. 14 and amended by Statement No. 61, relating to the financial reporting entity, to determine whether the Commission is financially accountable for other entities. The Commission has determined that no other outside entity meets the above criteria and, therefore, no agency has been included as a component unit in the financial statements. In addition, the Commission is not aware of any entity that would be financially accountable for the Commission that would result in the Commission being considered a component unit of that entity.

B. Basis of Presentation and Accounting

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the primary government (the Commission). These statements include the financial activities of the overall Commission.

The Statement of Activities presents a comparison between direct expenses and program revenues for the Commission's governmental activity. Direct expenses are those that are specifically associated with the Commission's governmental activity. Program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of the Commission. Revenues that are not classified as program revenues, including all taxes and investment income, are presented as general revenues.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**B. Basis of Presentation and Accounting** (Continued)*Government-Wide Financial Statements* (Continued)

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of when the related cash flows take place. Nonexchange transactions are those in which the Commission gives (or receives) value without directly receiving (or giving) equal value in exchange, including grants. Revenues from grants are recognized in the fiscal year in which all eligible requirements have been satisfied. No grants have been received or are anticipated to be received in the near future.

When both restricted and unrestricted net position are available, restricted resources are used before non-restricted resources.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when measurable and available (“susceptible to accrual”). Taxes, interest, certain state and federal grants, and charges for services revenues are accrued when their receipt occurs within sixty days after the end of the accounting period so as to be measurable and available. Expenditures are generally recorded when a liability is incurred, as under the accrual basis of accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

The General Fund is the Commission’s primary operating fund. It accounts for all financial resources of the general government.

C. Capital Assets

Capital assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. The Commission defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Capital assets used in operations are depreciated using the straight-line method over their estimated useful lives in the government-wide statements. Depreciation begins on the first day of the fiscal year following the period the asset is placed in service and ends in the fiscal year that it is retired from service or is fully depreciated.

D. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – CASH

Cash at June 30, 2021, consisted of the following:

Cash in County Treasury	\$ 289,210
Imprest Cash	100
	<hr/>
	\$ 289,310
	<hr/> <hr/>

NOTE 2 – CASH (Continued)

The Commission maintains all of its cash and investments with the County Treasurer in an investment pool. On a quarterly basis, the Treasurer allocates interest to participants based upon their average daily balances. Required disclosure information regarding categorization of investments and other deposit and investment risk disclosures can be found in the County's financial statements. The County's financial statements may be obtained by contacting the County's Auditor-Controller's Office at 1195 Third Street, Room B-10, Napa, California 94559. The County Treasury Oversight Committee oversees the Treasurer's investments and policies.

Required disclosures for the Commission's deposit and investment risks at June 30, 2021, were as follows:

Credit risk	Not rated
Custodial risk	Not applicable
Concentration of credit risk	Not applicable
Interest rate risk	Not available

Investments held in the County's investment pool are available on demand and are stated at cost plus accrued interest, which approximates fair value. The Commission has no deposit or investment policy that addresses a specific type of risk.

NOTE 3 – CAPITAL ASSETS

Capital assets at June 30, 2021, were as follows:

	Balance July 1, 2020	Additions	Retirements	Balance June 30, 2021
Capital assets being depreciated:				
Equipment	\$ 19,657	\$ -	\$ -	\$ 19,657
Less accumulated depreciation:				
Equipment	<u>(19,657)</u>	<u>-</u>	<u>-</u>	<u>(19,657)</u>
Capital assets, net	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 4 – NET POSITION/FUND BALANCE**Net Position**

Net position comprises the various net earnings from operating and nonoperating revenues, expenses, and capital contributions. Net position is classified in the following three components: net investment in capital assets, net position – restricted, and net position – unrestricted. The Commission reports net investment in capital assets and net position – unrestricted balances. Net investment in capital assets consists of all capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction, and improvement of those assets. Unrestricted net position consists of all other net position not included in the above categories.

Fund Balance

Governmental funds report fund balance in classifications based primarily on the extent to which the Commission is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2021, fund balances for governmental funds are made up of the following:

NOTE 4 – NET POSITION/FUND BALANCE (Continued)**Fund Balance** (Continued)

- *Nonspendable fund balance* – amounts that are not in spendable form (such as inventory) or are required to be maintained intact.
- *Restricted fund balance* – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- *Committed fund balance* – amounts constrained to specific purposes by the Commission itself, using its highest level of decision-making authority. To be reported as committed, amounts cannot be used for any other purpose unless the Commission takes the same highest level of action to remove or change the constraint.
- *Assigned fund balance* – amounts the Commission intends to use for a specific purpose. Intent can be expressed by the Board of Commissioners or by an official or body to which the Board of Commissioners delegates the authority.
- *Unassigned fund balance* – amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

The Board of Commissioners establishes (and modifies or rescinds) fund balance commitments by adopting a final budget no later than June 15th and approving amendments as needed throughout the year. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives).

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

The Commission strives to maintain an unassigned fund balance to be used for unanticipated emergencies of approximately four months of expenditures.

NOTE 5 – RELATED PARTY TRANSACTIONS

During the year ended June 30, 2021, the Commission paid the County, a related party, \$447,928 for personnel and other support services.

In addition, the Commission received \$242,700 during the year ended June 30, 2021, from the County, a related party, pursuant to Government Code Section 56381. The County provides half of the intergovernmental revenue to the Commission. The other half is funded by the City of Napa, City of St. Helena, City of American Canyon, City of Calistoga, and Town of Yountville.

NOTE 6 – RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Commission participates in the County's risk pool. Information about coverage can be found in the County's basic financial statements.

NOTE 7 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 17, 2021, which is the date the basic financial statements were available to be issued. No events have occurred that would require disclosure.

**LOCAL AGENCY FORMATION COMMISSION OF NAPA COUNTY
NOTE TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2021**

BUDGET AND BUDGETARY REPORTING

The Local Agency Formation Commission of Napa County (the Commission) prepares and legally adopts a final budget on or before June 15th of each fiscal year.

After the budget is approved, the appropriations can be added to, subtracted from, or changed only by Board of Commissioners resolution. All such changes must be within the revenues and reserves estimated as available in the final budget or within revised revenue estimates as approved by the Commission.

An operating budget is adopted each fiscal year on the modified accrual basis of accounting. Additionally, encumbrance accounting is utilized to assure effective budgetary control. Encumbrances outstanding at year-end represent the estimated amount of the expenditures ultimately to result if the unperformed contracts in process at year-end are completed or purchase commitments satisfied. Such year-end encumbrances are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year and included in the subsequent year's budget. Unencumbered appropriations lapse at year-end. Budgets are prepared using accounting principles generally accepted in the United States of America.

The legal level of budgetary control (the level on which expenditures may not legally exceed appropriations) is at the object level. Object levels of expenditures are as follows: salaries and benefits, services and supplies, and other charges.

OTHER REPORT

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Commissioners
Local Agency Formation Commission of Napa County
Napa, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the governmental activities and the major fund of the Local Agency Formation Commission of Napa County (the Commission) as of and for the year ended June 30, 2021, and the related notes to the basic financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated November 17, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Commission's basic financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the basic financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Board of Commissioners
Local Agency Formation Commission of Napa County
Napa, California

We have audited the financial statements of the governmental activities and the major fund of the Local Agency Formation Commission of Napa County (the Commission) for the year ended June 30, 2021. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 30, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Commission are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Commission during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive estimates.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were identified.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 17, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Commission’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Commission’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to Management’s Discussion and Analysis and the Budgetary Comparison Schedule, which are required supplementary information (RSI) that supplement the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Restriction on Use

This information is intended solely for the information and use of the Board of Commissioners and management of the Commission and is not intended to be, and should not be, used by anyone other than these specified parties.
